There have been no changes to the medical plans with regard to deductibles and out of pocket expenses from 2016-2017. There has of course been an increase in premiums. These range from \$15-\$50 depending on plan and who is included in coverage. All premium rates have been rounded to the nearest dollar.

Dental: Rates for both Moda Health/Delta Dental and Willamette dental have increased less than 0.25%. However the rates for Delta Dental have been restructured. In the past we have offered Delta Dental Plan 3. This has been consolidated with plans to become Plan 5. People who had been on Delta Dental Plan 3 will still receive their incentive level for Class 1 and 2 services. Class 3 services will be paid at Plan 5's constant benefit level.
